SUMMARY

Second-year Computer Science and Engineering undergraduate with basic hands-on experience in Java programming and Object-Oriented Programming concepts. Familiar with fundamental Data Structures and problem-solving techniques. Actively learning core computer science concepts and exploring coding platforms to strengthen technical skills.

KEY SKILLS

Technical Keywords: Java, Object-Oriented Programming, Basic Data Structures, Problem Solving, HTML, CSS, Git, GitHub

EDUCATION

B.Tech in Computer Science and Engineering

Graduating 2024 – Present

Rajiv Gandhi University of Knowledge Technologies, Basar
Basar, India

EXPERIENCE

TECHNICAL SKILLS

Programming Languages: Java, C

Web Technologies: HTML, CSS

Tools & Platforms: Git, GitHub

Core Concepts: Object-Oriented Programming, Basic Data Structures, Problem Solving

PROJECTS

CERTIFICATIONS

ACHIEVEMENTS

CODING PROFILES

LeetCode: ↔ LeetCode – 40+ problems solved

GeeksforGeeks: ↔ GeeksforGeeks

PROFESSIONAL SKILLS

Soft Skills: Communication, Willingness to Learn, Time Management, Adaptability
